

Join our team!

As a global player, **Messer** offers its sustainable products and services in Asia, Europe and America.

**For our European team** we are looking to immediately fill the position as

### **Manager Continuous Improvement (m/f/d)**

Location: Greater Frankfurt area, Germany / hybrid

Reference Number: E-28/2024

#### **What we offer:**

- You will make a valuable contribution to an international, successful, and financially stable company
- A dynamic, supportive and inclusive work culture that values innovation and encourages collaboration and continuous improvement
- Unique opportunity for professional growth due to engaging and challenging tasks and targeted training opportunities
- A competitive salary and a comprehensive benefits package
- Modern work environment (e.g. gym, company canteen) incl. hybrid work model and 30 days annual leave

#### **Your responsibilities:**

- Lead and manage continuous improvement projects from inception to completion, ensuring timely delivery and achievement of desired outcomes.
- Provide expert guidance and support to country teams in implementing Lean, Six Sigma, and other process improvement methodologies.
- Assist with business case approval and oversee financial calculations for project approvals by Finance.
- Foster a culture of continuous improvement by promoting best practices, knowledge sharing, and innovation across the organization.
- Facilitate workshops, training sessions, and coaching to empower employees with the skills and knowledge to drive continuous improvement.
- Engage teams in generating continuous improvement ideas and executing related projects.
- Present analysis results and strategic recommendations to the Europe Management and other stakeholders.
- Organize Awards and Training Recognition.

#### **Your profile:**

- University degree in Economics, Engineering, Project Management or related field (master's degree or MBA preferred).
- Minimum of 5 years of experience in continuous improvement projects and program management, process optimization, and/or related business or consulting roles.
- Excellent program and project management skills with the ability to manage multiple projects and tasks simultaneously.
- Track record in managing change and transformation by engaging and training people and taking them along the journey.
- Strong ability to present complex information to stakeholders on all levels in a clear and impactful manner.
- Excellent ability to evaluate projects, consider multiple perspectives, and make data-driven decisions.
- Outstanding communication, presentation, and interpersonal skills, with the ability to influence and engage stakeholders at all levels.
- Solid understanding and application of Lean, Six Sigma, or other process improvement management systems
- Sound knowledge of controlling & financial analysis (P&L, Balance Sheet).
- Very strong skills in PowerPoint and Excel.
- Full professional proficiency in spoken and written English. An additional European language is a plus.
